DETAIL OFFICE ACTION

Restriction

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-20 and 36-44, drawn to a system for wirelessly communicating with a deployed product, classified in class 455, subclass 426.2.
 - II. Claims 22-32, drawn to a gas turbine engine, classified in class 701, subclass 100.
 - III. Claims 33-35, drawn to a dual architecture card for use in a deployed product, classified in class 235, subclass 379.
 - IV. Claims 45 and 46, drawn to an electronic controller for an engine, classified in class 701, subclass 29.
2. The inventions are distinct, each from the other because the inventions I, II, III and IV are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions. Group I, refers to a system for wirelessly communicating between an electronic controller having the deployed product and the microserver; while Group II refers to a gas turbine engine and its parts; Group III describes a dual architecture card; and Group IV relates to an electronic controller for an engine.

Art Unit: 3661

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner Tan Nguyen, whose telephone number is (571) 272-6966. The examiner can normally be reached on Monday-Thursday from 5:30 AM-4:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas Black, can be reached on (571) 272-6956.
